

## The Finishing Touch

You have a custom suit, but can't find that perfect pair of shoes to match. Or maybe you had a perfect pair for sometime, but can't seem to find them again.

Tailor Cooperative now offers a wide selection of custom dress shoe and custom casual shoe options.

### IT'S ALL IN THE DETAILS.

We use only the most supple leather, sourced from XX. All fabric accents are 100% cotton. Our eyelets are XX and are hand pressed in the factory. And we are proud to offer high-end nylon laces, each pair of shoes coming with a replacement set in the unlikely circumstance that your first pair should break. All of our shoe seams are welted, to ensure quality that will last a lifetime.

We have over XX colors of leather, XX colors of suede, and XX styles of cotton/fabrics to choose from when making all of your custom shoe selections.

Once you have made a shoe selection, you also have the chance to choose details such as toe style, sole style, and heel details. Toe and top shoe styles include plain toe, cap toe, tassels, penny loafer band, top buckle, and brogue just to name a few of our many options.

We offer a wide range of soles, depending on the type of shoe you may select. These include: full rubber, leather with rubber non-slip finish, multi-color rubber, crepe sole, and EVA (rubber).

### PROCESS

#### STEP 1

Very similar to a custom suit or shirt fitting, Tailor Cooperative brings you into our shop for a one-on-one consultation with one of our stylists. We'll measure your feet to ensure the best fit possible.

#### STEP 2

Once we have measurements, we will guide you through the leather and detail selection process, to ensure you are getting exactly the shoe you want.

#### STEP 3

Production typically takes ~6 weeks, during which time we will keep you up to date on your orders progress.

#### STEP 4

Once arrived, we will call you in for a second fitting to ensure your shoes are comfortable and ready to make their way to your closet.
